Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nervine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom

fails to relieve these afflictions. "I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. I took 12 bottles, and if cured me sound and well. It has been worth all the world to me. I recommend it wherever I go.
